Dr. J. Lederberg
University of Wisconsin
Madison 6, Wisconsin

Dear Dr. Lederberg:

We are sending you a copy of the Atomic Energy Commission's Tenth Semiannual Report to Congress. I think you will be interested in the data contained in this report with respect to the recent biology and medicine activities and the progress of our major programs. This report contains preliminary data on the weapons tests recently carried out in January and February at the Nevada Test Site and in April and May at the Eniwetok Proving Grounds.

We feel, because of your direct participation in the Atomic Energy Commission program, that you will have more than an ordinary interest in this report.

Sincerely yours,
